THE DAY OF THE DEAD IN OAXACA

One of the oldest surviving religious festivals in the Americas, the celebration of the Day of the Dead is rooted from the pre-hispanic beliefs and linked with the Christian celebration of “All Souls Day”.

The crafting of private altars, created as offerings (ofrendas) to past family members and friends, has become a folk art and are used as decorations for the festivities that encourage the souls to visit those still alive.

As the church bells toll, an invitation is sent to the souls of the departed to partake in the celebrations and follow the trails made of Marigolds from the cemetery to the church.
